Dear Wayne

Thank you for your support of the Sydney Children's Hospital's Gold Dinner 2008 through your generous donation of a carpenter to assist with the design of the venue. Your support contributed greatly to the overall success of the evening.

This year's Gold Dinner was a glamorous and intimate affair held on the shores of Sydney Harbour. Guests enjoyed a relaxed dining experience as they sat in a "Secret Garden" meticulously created by Hannaford's Events and enjoyed wonderful food created by Matt Moran.

The evening was a great success raising over \$1.1 million net for the Digestive Tract Diseases Unit at Sydney Children's Hospital, Randwick. The work of this unit is integral to the care and treatment of our sickest children, as well as those suffering debilitating chronic illness such as Crohn's Disease and Ulcerative Colitis. These funds will make an enormous difference to the lives of thousands of children with digestive tract diseases and will allow this vital service to be expanded and enhanced.

This outstanding result was only possible due to the generous support we received from everyone involved with the event - from our generous table patrons and their guests, to our prize donors, production crew and volunteers. For your information, I enclose a copy of the Gold Dinner 2008 official programme, recognising the support of all donors to this year's Dinner.

Thank you again for your generosity in supporting the Gold Dinner 2008 and helping to positively impact on the lives of children and their families right across New South Wales.

Best regards
